NEW HORNS TOOT FOR HIS HONOR

Just what real music sounds like with the most of instruments was demonstrated to the honor of the Hawaiian band last evening when the Hawaiian band gave a special concert in the assembly hall of the hotel last evening which was led by Bandmaster Berger. The new instruments proved to be just what was expected, and it was noted that they were free from the ear-splitting qualities which prevailed in the old instruments. The old instruments were given to the National Guard of Hawaii, and the new ones came from the Conn factory at Elkhart, Indiana.

Mayor Fern, Mrs. Fern, and Secretary W. E. Sales were present, and the supervisors occupied their usual places, and were the judges of the occasion. After the concert they unanimously voted their approval of the new instruments, and also the band and its leader.

WINS LICENSE AS 'RADIO OPERATOR'

Sheridan Winsor, a young resident of Honolulu who has built a complete wireless plant, was issued a certificate as an amateur wireless telegraph operator yesterday morning by Lieutenant L. M. Stevens, U. S. N., captain of the yard at the naval station, the certificate being the first of its kind to be issued here by the navy department examiners. He has been licensed to act as a "radio operator, first grade, amateur," for the next two years, after which time he will be subject to another examination.

Winsor made a study of wireless telegraphy during the time he was a student at St. Louis College, where he made a crude set of instruments. He constantly improved upon his instruments and finally set up an aerial on the roof of his home on Kewalo street, and today he has in his "operating room" a set of instruments which have been pronounced by the examiner as being first class.

BOARD REVOKES LICENSE OF CHINESE PHYSICIAN

The territorial board of health, after a two hour examination, yesterday unanimously voted to ask the territorial treasurer to revoke the license of Dr. Chu Fong, the Chinaman who has been practicing Oriental curative methods in Honolulu ever since the monarchical days.

The evidence against Chu Fong, consisted of the details of a case wherein Lau Lum Mok, kicked by a horse and treated by Chu Fong, died of his injury, which was nothing more serious than a broken leg at the beginning. The testimony, both of physicians who examined the body after death had occurred and of Chu Fong himself, indicated the unfortunate patient had not received proper treatment, and that death ordinarily should not have resulted from the injury.

Chu Fong protested that he had continually urged Lau Lum Mok to go to the hospital and receive treatment from a haole physician, but that the patient had refused. The board ruled that as Chu Fong continued to handle the case he was primarily responsible.
